

Festival of Biodiversity training workshop by NUS Toddycats || 21 May

25 April 2023 || TO NUS Community

Sent on behalf of [NUS Toddycats](#)

Learn how to tell a male crab from a female one by looking at its abdomen. Find out how the civet cats keep our rat and insect population in check. Soak up these and other interesting facts about biodiversity in Singapore when you sign up to volunteer for the NUS Toddycats at the Festival of Biodiversity this year!

You will also find out more about what the Toddycats do, which includes running coastal cleanup and habitat enhancement activities as well as guided nature and natural history tours.

Date: 21 May, Sunday

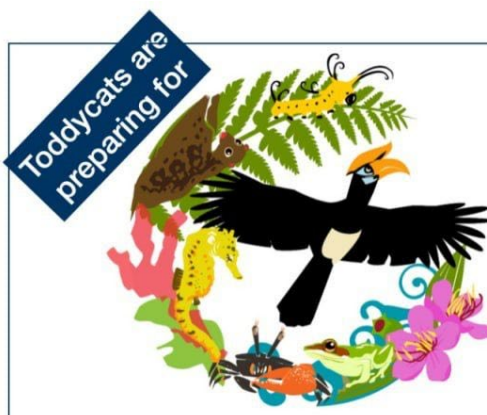

Time: 9am to 12 noon

Location: Lee Kong Chian Natural History Museum Training Room 2.

Sign up [here](#) by 8 May.

If you have any questions, email toddycats@gmail.com

Find out more about the Festival of Biodiversity, an annual event organised by the National Parks Board, [here](#).
