INAUGURAL

NUS SUSTAINABILITY CONNECT 2023

25 AUG TO 29 SEP

**Update #3: More events
coming up in the next 2 weeks!**

NEW 3 events by Energy Studies Institute (ESI)!

Promising Geothermal Potential in Singapore Seminar
14 SEP (THU), 2-330PM
The seminar gives an overview of the history of hot spring exploration and usage in Singapore and a summary of the findings from the drilling project at Admiralty Lane.

Singapore's Journey towards Resilient and Sustainable Energy Transition Workshop
20 SEP (WED), 9AM-2PM
Experts gather to discuss important areas in the future of Singapore's energy story, including natural gas, solar, carbon capture and storage, hydrogen and power grids.

1st ESI Workshop on Achieving Net Zero
21 SEP (THU), 9AM-2PM
The workshop on Carbon Dioxide Removal: Opportunities and Challenges aims to yield insights into developing comprehensive strategies for carbon dioxide removal and carbon-neutrality in Singapore.

A facility tour, an amazing race and more!

Life of a PET Bottle Panel Discussion
16 SEP (SAT), 10AM-12PM
Ever wondered where your recyclable plastic bottles go? Join this panel discussion by NUS Zero Waste Taskforce to learn more about the life cycle of a PET bottle.

TCOMS Facility Tour

**19 SEP (TUE), CHOOSE FROM 3 SLOTS:
130-230PM, 3-4PM, 430-530PM**

Tour The Technology Centre for Offshore and Marine, Singapore (TCOMS), and get to see its ocean basin research facility that simulates the physical ocean environment!

SGFIN Masterclass and Panel Discussion

20 SEP (WED), 2-330PM

Sustainable and Green Finance Institute (SGFIN) holds a masterclass on its MSc in Sustainable and Green Finance, and a panel discussion on the challenges and opportunities for potential employers and new graduates trained in green finance.

Green Hackathon: The Eco Scavenger Hunt

23 SEP (SAT), 1230-4PM OPEN TO IHL STUDENTS

Join this unique blend of an amazing race and a dynamic mini hackathon by NUS Enterprise. Visit NUS' sustainability landmarks while tackling exciting challenges and crafting entrepreneurial eco-solutions!

Climate Change and Health Panel Discussion

25 SEP (MON), 3-430PM

What are the impacts of climate change on health, and how can the health sector contribute to mitigating climate change by reducing emissions? These important issues will be discussed at a panel organised by Saw Swee Hock School of Public Health and Centre for Sustainable Medicine, Yong Loo Lin School of Medicine.

Policy Design Capacity Building for Sustainable Transitions Panel Discussion

28 SEP (THU), 2-4PM

The panel by the Institute for Environment and Sustainability (IES) explores policy design capacity building and how its Climate Policy Design Lab can help promote sustainability transitions in energy policy in Singapore.
