

Dialogue with 2023 Rolex Awards for Enterprise Laureate Denica Riadini-Flesch by RVRC | | 13 March

23 February 2024 | | TO NUS Students

Sent on behalf of [Ridge View Residential College \(RVRC\)](#)

Come hear from 2023 Rolex Awards for Enterprise Laureate and Indonesian social entrepreneur Denica Riadini-Flesch at **Empowering Changemakers in Safeguarding our Planet** dialogue session on 13 March!

She will share how she is using her clothing brand to strengthen women's empowerment and preserve Indonesian cultures with traditionally-made regenerative farm-to-closet clothing! 🌱👗🇮🇩

Sign up [here](#)! The Rolex Awards for Enterprise is part of Rolex's [Perpetual Planet Initiative](#). For queries, email Eunice Ng at e.ng@nus.edu.sg

EMPOWERING CHANGEMAKERS IN SAFEGUARDING OUR PLANET

Calling all NUS students with a passion for change!

Join us on a journey to explore some of the most ambitious projects that will help to improve lives while protecting the planet.

Our home is dependent on the individuals and organizations committed to finding solutions to protect it. At Rolex, the company supports those who go above and beyond to safeguard and preserve our Perpetual Planet for the next generations.

In this dialogue, 2023 Rolex Awards for Enterprise Laureate, Denica Riadini-Flesch will share with us her experience in expanding her regenerative farm-to-closet clothing supply chain and her dedication to strengthening women's empowerment and preserving local Indonesian cultures.

THE ROLEX PERPETUAL PLANET INITIATIVE
As the 21st century unfolds, Rolex has moved from championing exploration for the sake of discovery to protecting the planet and reinforced its commitment by launching the Perpetual Planet Initiative in 2019. It supports individuals and organizations using science to understand the world's environmental challenges and devise solutions that will restore balance to our ecosystems. The Perpetual Planet Initiative is rapidly expanding and now has a portfolio of more than 20 partners including Sylvia Earle's Mission Blue – which Rolex has partnered with since 2014 – to preserve the oceans through a network of marine-protected 'Hope Spots'; an enhanced partnership with the National Geographic Society to study the impacts of climate change; and the Rolex Awards for Enterprise, which for more than 45 years have been supporting exceptional individuals with innovative projects benefiting our world.
