

## NUS Environmental Risk Challenge || Submit by 25 Aug 2024

10 Jun 2024 || TO NUS Students

On behalf of [Office of Risk Management and Compliance](#)

Calling all NUS students! 📣

Submissions for the NUS Environmental Risk Challenge are now open! Aligned with Phoenix 2024's emphasis on Sustainability, this competition aims to present actionable strategies, projects and accomplishments that enhance comprehension of environmental risks. You are welcome to submit any innovative ideas that align with the objectives of the [NUS Campus Sustainability Roadmap 2030](#).

Winners will receive an award and attractive prizes!

📄 Participation details are found [here](#). For queries, email [ormc@nus.edu.sg](mailto:ormc@nus.edu.sg).

The poster features the NUS logo and Office of Risk Management and Compliance logo at the top left, and the Phoenix 2024 logo at the top right. A dark blue banner with a megaphone icon contains the text 'Calling all NUS Students!'. Below this, the text 'PHOENIX 2024: RESILIENCE 360' is displayed. The main title 'NUS Environmental Risk Challenge' is centered in large, bold, teal letters. A teal box below the title asks 'What is it about?'. Three icons with corresponding text are arranged horizontally: a hand holding a plant for 'Educate on environmental risks', a lit lightbulb for 'Showcase student innovations', and a hand holding a leaf for 'Foster collaboration on environmental issues'. The 'Eligibility:' section lists two bullet points: 'Open to all NUS students (undergraduates and postgraduates)' and 'Submit individually or in teams (up to 5 members)'. A central call to action reads 'Submit your ideas and work' above a yellow button that says 'CLICK HERE TO SUBMIT'. At the bottom, it states 'Submission closes 25 August 2024'. The poster is decorated with various sustainability-themed icons: a building with a leaf, a green car, a person planting a tree, and hands holding a globe.
