

## Join IPUR's webinar on Understanding How People Respond to Climate Risks in the Real World || 3 Dec

24 Nov 2025 || TO NUS Community

Sent on behalf of LRF Institute for the Public Understanding of Risk (IPUR)

How do experiences of weather and climate risk change what people think and do? Join this webinar to hear real-world insights from two major Australian studies on how climate events shape everyday behaviour and perceptions, and how lived experience and risk communication can help communities respond smarter and stronger to climate change.

IPUR SEMINAR SERIES

## Understanding How People Respond to Climate Risks in the Real World

How do people's experiences with weather and climate risk shape their beliefs and actions? This online webinar presents findings from two large-scale projects in Australia examining the behavioural and perceptual impacts of climate-related events.

 3 December 2025

 1:00pm - 2:00pm (GMT+08:00)
