Don't miss these two student-led sustainability events this month! ⭐

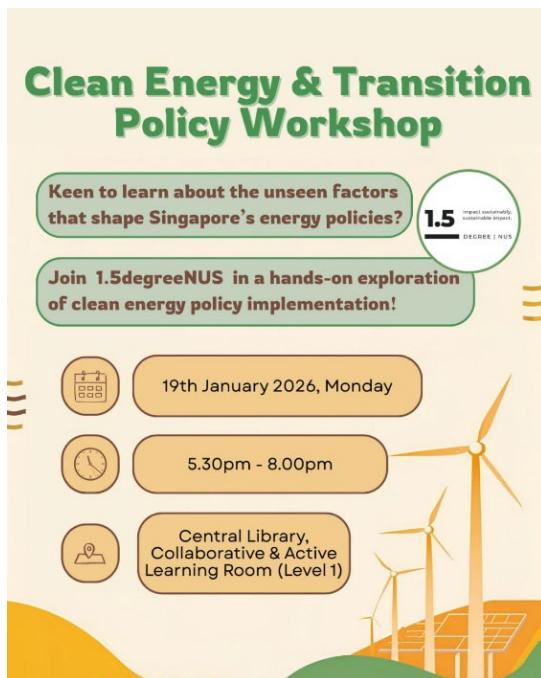

- **Clean Energy & Transition Policy Workshop ⚡** : Explore how Singapore is navigating the clean energy transition and dive into the policy trade-offs behind it in this hands-on session by environmental student group 1.5degreeNUS.
- **Farmer's Market: Grow Your Green Sanctuary 🌱** : Join NUS SAVE at its Farmer's Market to pick out the perfect plant for your study desk, or shop fresh, edible herbs grown right here in Singapore by our urban farmers! Remember to bring your own reusable bags for your new leafy friends and fresh produce! 🌱
