

Kick off the semester with two sustainability dialogues - and a student event guide!

12 Jan 2026 || TO NUS Students

Start your semester with two dialogues designed by students for students!

- **New Year, Nuclear!:** Dive into nuclear energy in this youth-led dialogue by the Inter-University Environmental Coalition featuring environmental student groups including Student Energy NUS, NUS Climate Analytics Club and NUS Environmental Science and Engineering Student's Club.
- **Singapore Sustainable Economy Dialogue:** Explore sustainability, public policy and Singapore's economic future with NUS Economics Society, featuring Senior Parliamentary Secretary Ms Goh Hanyan.

Planning a student event this semester? Don't miss the student-developed **NUS Sustainability Guide**, which comes packed with tips on how to make your event more eco-friendly and effective. **Read it [here](#).**
