

Get technical and go behind-the-scenes with NUS CAT Club this month || 20, 25 March

11 March 2026 || TO NUS Students

On behalf of NUS Climate Analytics and Technology (CAT) Club

NUS Climate Analytics and Technology Club is bringing you two must-join events this month!

First up, in collaboration with NUS Bus, MRT & Walk Club, is a technical session which goes beyond tailpipe emissions and deep dive into how Life Cycle Assessment measures environmental impact across the entire transport lifecycle. Learn through real life examples, including the NUS shuttle fleet transition.

This is followed by an exclusive session hosted with the Singapore Nuclear Research and Safety Institute (SNRSI) which allows you to engage directly with experts working at the forefront of nuclear research, safety and innovation.

Have your burning questions answered in a dialogue with SNRSI researchers, then join a guided visit to SNRSI labs for a behind-the-scenes look at their work.

Beyond the Tailpipe: A Technical Deep Dive into Sustainable Transport and Life Cycle Assessment (LCA)

📅 20 March (Fri)

🕒 6 pm – 7.30 pm

📍 E4 (E-Cube)

Register [here](#)

BEYOND THE TAILPIPE

A technical deep dive into sustainable transport and life cycle assessment (LCA)

20th March 2026

6:00-7:30pm

E4(E-Cube)

SCAN TO SIGN
UP NOW!

Join us to look "beyond the tailpipe" and master **Life Cycle Assessment** to uncover the technical truth behind **sustainable transport and innovations** like biodegradable PHA. Explore the reality of the **NUS shuttle fleet transition** and learn to systematically evaluate whether "green" technologies are truly sustainable over their entire lifetime.

This event is proudly supported by NUS SAVE Sustainability Fund

Nuclear Frontiers: Singapore Nuclear Research & Safety Institute (SNRSI): Dialogue and Site Experience

 25 March (Wed)

 2.30 pm – 5 pm

 SNRSI, NUS

Register [here](#)

NUS CAT X SINGAPORE NUCLEAR RESEARCH & SAFETY INSTITUTE

Nuclear Frontiers: SINGAPORE NUCLEAR RESEARCH & SAFETY INSTITUTE (SNRSI) DIALOGUE & SITE EXPERIENCE

Join us for an exclusive dialogue with experts from the Singapore Nuclear Research & Safety Institute (SNRSI) as we explore Singapore's nuclear research developments, safety considerations, and future potential.

Date
Wednesday, 25th March

Time
2:30pm - 5:00pm

Location
SNRSI, NUS
