

You are invited: SGFIN's inaugural forum on Nature in Global Supply Chains || 1 - 2 April

20 March 2026 || TO NUS Staff

Sent on behalf of [Sustainable and Green Finance Institute \(SGFIN\)](#)

Join policymakers, financial institutions, corporates, academics, and civil society leaders at this inaugural forum, Nature in Global Supply Chains, to discuss how damage to nature – and our reliance on it – can disrupt supply chains, affect investments and shape economic growth.

Dialogues fostered by this event will bridge a critical translation gap in nature – where existing data and narratives on ecological collapse does not speak the language of finance and trade, and market signals fail to drive ecosystem protection – by aligning science with financial frameworks so nature risks and dependencies are integrated into strategic decisions.

Speakers and panellists include senior leaders and researchers from United Nations Global Compact Network (UNGC), Biosphere Foundation, ASEAN Global Reporting Initiative (GRI), Roundtable on Sustainable Palm Oil (RSPO), Sigar Highlands Sustainable Development Centre, Stanford Natural Capital Alliance, MSCI and Blue Bond Accelerator.

This event is held over two parts, with the first day being the Forum and second day being the Workshop.

For more info, refer to the brochure [here](#), and visit the event website [here](#).

 **Day 1 Forum (1 Apr, Wed), 10 am – 5 pm**

 **Day 2 Workshop (2 Apr, Thu), 9.30 am – 3.30 pm**

 **Innovation 4.0, 3 Research Link, S117602**
