2 June 2026 || TO NUS Community

🌱👤 The annual Festival of Biodiversity is back this year – promising an even more exciting and informative experience.

Visitors of all ages can look forward to an enriching lineup of talks, workshops and game stations by various nature groups.

They can also drop by the [booths](#) set up NUS entities such as Lee Kong Chian Natural History Museum, NUS Department of Biological Sciences and NUS Toddycats and other nature groups, to learn more about our local wildlife and conservation efforts.

Don't miss the ByeO Barelands biodiversity card game, an initiative supported by student group NUS SAVE (Students' Association for Visions of the Earth), at its booth as well. Organised by the National Parks Board, the Festival of Biodiversity is Singapore's biggest biodiversity festival, aiming to raise awareness and inspire a deeper appreciation for our natural heritage.
