

Grab the last few seats for NUS Sustainability CONNECT festival and join our affiliated events in October!

28 September 2026 || TO NUS Community

 Rising seas and extreme weather are reshaping our coastlines. The good news is: **you get a say in how we protect them!**

Join the **Coastal Matters focus group** this Wednesday (hosted by LRF Institute of the Public Understanding of Risk and NUS Department of Architecture in support of the NUS Sustainability CONNECT festival) to map risks, debate solutions and shape the future of Singapore's coastlines! Claim one of the final seats [here!](#)

P.S. Missed the NUS Sustainability CONNECT festival so far? No stress! We've lined up some more events in October. Head to our [website](#) to explore the full lineup.

NUS Sustainability CONNECT 2026
1-30 September

Last few seats left!

Have your say in how to protect Singapore's shores!

COASTAL MATTERS
This event investigates how people understand and respond to flood risk and coastal change in relation to Coastal Protection Measures across Singapore.
We will be exploring participants' awareness and responses to flood risks, the infrastructures they feel are necessary to protect the coastline and the responsibilities of different actors in addressing these events.
30 Sep (Wed) 3pm - 4pm

Affiliated events in October!

12 Oct (Mon) 12.15pm-1.30pm
A Pro-market Framework for Driving Decarbonisation Seminar by Prof Karthik Ramanna (University of Oxford)
By Institute for Environment and Sustainability

21-23 Oct (Wed-Fri) Various timings
CFI Annual Symposium on Adapting Cities for Coastal and Flood Resilience
By Coastal Protection and Flood Resilience Institute Singapore

Registration closes 14 Oct
